Objectives

This program is designed for the practicing surgeon. It is meant to provide an update in the various disciplines of surgery with application to daily practice, and to enhance the knowledge of the participant in these areas. The program is intended to meet the needs of surgeons in clinical practice for up to date information on the latest techniques in general and specialty surgical areas and to provide a means for surgical students and researchers to report the results of their research.

CONTINUING MEDICAL EDUCATION CREDIT INFORMATION

Accreditation

The American College of Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Category 1 Credits™

The American College of Surgeons designates this live activity for a maximum of 16.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the *AMA PRA Category 1 Credits™* listed above, a maximum of 9 credits meet the requirements for Self-Assessment.

Use MyCME to manage your CME credit at your convenience

The ACS Division of Education is committed to helping you organize, track, and submit your continuing medical education (CME) credit. Take advantage of this resource to manage your CME credit at your convenience.

ONE | CME Evaluation

- The CME Evaluation is available online only
- Visit the Texas ACS web site – www.laacs.org
- Click on the Annual Meeting Tab
- Under About find the CME Evaluation link to complete the evaluation
- Complete the evaluation by **Wednesday, June 28, 2017** to receive your certificate

STEP TWO | Self-Assessment Exams (optional)

- Each exam will be posted on the Chapter web site (follow directions above)
- You may elect to take all, part or none of the self-assessment exam.
- A passing score of 75% or higher is required to receive self-assessment credit for a portion of the meeting. Upon submitting your answers, you will immediately find out if you passed or failed, and which questions were answered incorrectly.
- You may take an exam an unlimited number of times.
- All Self-Assessment Exams must be completed by **Wednesday, June 14, 2017** to receive Self-Assessment Credits.

STEP THREE | CME Certificate

- Your CME Certificate will be emailed no later than **Thursday, June 29th** once your attendance has been verified.
- We will use the email address you registered with for the meeting.
- Stop by the registration desk to verify your email address.
- CME Certificates will not be available on site

STEP FOUR | MY CME

LA-ACS Annual Meeting June 2-4, 2017

In accordance with the ACCME Accreditation Criteria, the American College of Surgeons must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest. Therefore, it is mandatory that both the program planning committee and speakers complete disclosure forms. Members of the program committee were required to disclose **all** financial relationships and speakers were required to disclose any financial relationship **as it pertains to the content of the presentations**. The ACCME defines a 'commercial interest' as "any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients". It does not consider providers of clinical service directly to patients to be commercial interests. The ACCME considers "relevant" financial relationships as financial transactions (in any amount) that may create a conflict of interest and occur within the 12 months preceding the time that the individual is being asked to assume a role controlling content of the educational activity.

The ACCME also requires that ACS manage any reported conflict and eliminate the potential for bias during the session. The planning committee members and speakers were contacted and the conflicts listed below have been managed to our satisfaction. However, if you perceive a bias during a session, please advise us of the circumstances on the session evaluation form.

Please note we have advised the speakers that it is their responsibility to disclose at the start of their presentation if they will be describing the use of a device, product, or drug that is not FDA approved or the off-label use of an approved device, product, or drug or unapproved usage.

The requirement for disclosure is not intended to imply any impropriety of such relationships, but simply to identify such relationships through full disclosure, and to allow the audience to form its own judgments regarding the presentation.
